MEMORANDUM FOR: THE RECORD

SUBJECT : PSB Staff Meeting, Wednesday, 10 September 1952

25X1C

1. Defense has in mind proposing that a watch-dog committee, under PSB auspices, be established to be in a position to weigh psychological aspects and potentials of interdepartmental activities. For example, the [REDACTED] was established on a crash basis between Defense and State, but it had tremendous psychological implications. The watch committee concept would be an element to safeguard the short-term entire cold front area. For example, nothing is really being done on the [REDACTED]. State^{25X6} and Navy have diametric views with respect to its psychological exploitation; nothing for psychological exploitation is being done with respect to the October 5 meeting of the Presidium.

25X1A

2. [REDACTED] recounted the details of his recent visit to Europe in which he solicited the comments of various officials on the German Plan, which, on the whole, were favorable; HICOG indicated he would establish a coordinating committee with respect to the implementation of the German Plan; the biggest deficiency in Europe seemed to be the lack of a focal point for coordination of psychological activities.
